

April 20, 2020

Dear Residents

Attached is a tool that was created to assist in tracking your personal health as it relates to COVID-19. The goal of the tool is to enable you, your personal physician, and us to have a history of your symptoms and, equally important, listing of those with whom you have had contact, in the event you become ill with COVID-19.

Please keep this log up to date, and hold onto them in case we need them. It is one more important way that we can work together to limit the spread of the virus.

Thank you for everything you are already doing to help us fight the spread of the virus throughout the Loomis Communities. As we are seeing in the nursing center, this virus is very difficult to contain. Social distancing, hand washing, and facial covering continue to be our most important actions. Please keep doing your part!

As always, please do not hesitate to contact us with questions or concerns.

With appreciation,

Margaret Mantoni, CEO
Robert Clafin, Executive Director, Applewood
Craig Johnsen, Executive Director, LLRL
Maureen O'Toole, Executive Director, Loomis Village
