Applewood

August 24th  
Loomis Lakeside at  
Reeds Landing

August 30th  
Loomis Village

All events start at  
1:00pm

## Celebrating Your Independence

During July, we at The Loomis Communities celebrate both our nation's liberty and the daily living freedoms residents enjoy. There is much to gain with a move to any of our three communities. A single monthly service fee affords great independence and so much more:

### Luxurious Living

Moving into an apartment, villa, or cottage starts with customizing the space to suit your style, including custom paint, unique finishes, and quality appliances. The result is your dream home, with a look you desire. Even better? All of those appliances and the

residence itself come complete with maintenance and housekeeping. Our teams keep your home tidy and running in tip-top shape.

Without having to worry about taking care of a home, you can try your hand at something new.

### Deluxe Amenities

The Loomis lifestyle is like enjoying a cruise ship that never leaves the port. Residents enjoy a fitness center, four-season swimming pool, a multitude of dining options with innovative culinary staff, on-site physician, wood shop, and much more. Fill your days how you prefer — from staying active in a variety of fitness classes, to gaining new skills through the Five College Learning in Retirement and Life Long Learning Consortium. Don't see a desired offering? You can rest assured there are other engaged residents who will start something new with you.

### Peace of Mind

Living a lifestyle free from worry often relies on predictable, stable financing. The set monthly service fee at The Loomis Communities provides just that. The fee covers a variety of expenses year-round, such as utilities, water and sewer services, dining, maintenance, and property taxes to name a few. Knowing what to expect each month frees you up to spend your days doing what you love, rather than worrying about budgeting.

Give us a call or email using the contact information on the back of this newsletter. We'd love to discuss with you the independent living lifestyle so many enjoy at The Loomis Communities.

## Making the Move is a Family Affair

Your decision to actively age at a Continuing Care Retirement Community (CCRC) is a transition for everyone involved, so it is common for some family members to have questions — especially when unfamiliar with the many benefits of CCRCs. They will be pleased to learn that such a move

**1) Provides security for all** - Choose and gain predictable, prepaid costs for future care needs should they arise. Set monthly fees help ease budgeting, especially with all utilities included. This way, future healthcare and daily living costs remain in your control.

**2) Allows freedom for you** - Today's CCRCs are more like resort living. The Loomis Communities offers a variety of top notch floor plans, restaurants, fitness centers, pools, and amenities. Along with housekeeping and maintenance, you receive a lifestyle full of support and independence.

**3) Welcomes them** - The community you're going to call home should be an open door to not only you, but your family as well. Make sure to invite loved ones into the conversation with you to discuss financials of the community, staff retention, and other details that shed light on a CCRC's quality of care.

We encourage you to start the conversation as a family early, and we are here to help. Feel free to make an appointment, come in and meet with leadership and marketing, and have your family members ask any questions that are on their mind.

Gain new connections, a maintenance-free lifestyle, and peace of mind at The Loomis Communities.

## Loomis Life Podcast: Special Apollo 11 Landing Episode

July is a time to commemorate our country's independence, as well as to celebrate the Apollo 11 Lunar Module landing anniversary. Loomis Village resident Elwin Sandborn was an integral part of this significant historical event. Sandborn was responsible for the design and building of the instrument unit, which was put into the Saturn V Rocket, ultimately guiding the Apollo Module to the moon. We sat down with Elwin to discuss this exciting achievement. You can listen to this episode of the Loomis Life podcast by clicking [here](#).

## Making History at The Loomis Communities

The Applewood Fourth of July celebration, hosted by residents and team members, is a beloved annual tradition. With a plethora of historical figures represented, a live band, and more, we look forward to enjoying this fun event together every year.
